*Panhandle South Plains Fairgrounds  
Lubbock, TX*

Welcome! Thank you for joining us in "Hub City" Lubbock for yet another Jim Curry Classic Breeder Sale! This sale, held in conjunction with a TLBAA qualifying show, is held in memorial of Jim Curry. Jim was unlike any other and was a man who worked to enhance the success of Texas Longhorns.

This year we have gathered together a package of animals that will suit any breeder looking to build their herd or take their current herd to the next level. Represented are genetics of the upmost quality and kind. Operations spanning from Wyoming to Texas are presenting their programs, and we appreciate each consignor.

There are many people to thank for this event. We would like to especially thank Danley Crop Insurance for sponsoring the night's entertainment and WTLA for sponsoring the meal. The evening is sure to be enjoyed by all! We hope you are able to create many fond memories with your Texas Longhorn friends.

Enjoy the evening, add to your herd or take home a new animal. But most of all - be merry!

Your sale hosts.

"Cupcake" is a World Grand Champion and sells exposed to another legendary World Grand Champion Samsonite. COMMENTS: Powerhouse genetics in an elegant package. BH Bellarina is the product of TWO World Grand Champions, plus she comes with a rock solid calf at side and bred to the great Peter Grimm bull, SBL Oklahoma Hombre. BH Bellarina is halter broke, gentle as they come, beautiful udder and gorgeous twist to her horns. World Champion animals show up to 25 times in her four generation pedigree! Her top side is a combination of MK High Society and the best Sand Dollar genetics, while the bottom she has a dose of Sanddollar Escalade and the dynamic MK Catalina and CL Athena maternal lines that produced greats like CL Velcoity, CL Pepper, CL Vesuvius, CL Georgia Rain and CL DAISYMEROLLIN. COMMENTS: Did someone say they needed some flash? Minnie is bringing all the flash! This show female was a very successful contender in her show days. Her sire comes from one of the longest running show programs - Diamond Q. Her dam is a paternal sibling to TL Bulletproof with some solid HD breeding thrown in. "Minnie" sells open, no fault of her own. Her spring born calf was injured so we brought her to the house and had intended to breed her for a fall calf to avoid her having a summer calf next year. So she is ready to make your September baby now! Jump start on your breeding plans.
